Men's Shed woodwork

The Kandos-Rylstone Men's Shed are holding woodworking sessions every Thursday morning to manufacture nesting boxes for native animal re-population in the local area. They have sourced local black cypress pine timber from the Rylstone area that has been milled down to planks by Bennetts Saw Mill. The Shed needs its members' participation to carry out this community project.

Whether you have woodworking skills or not, your help would be appreciated and there will be something for everyone to do. The nesting box project is a fundraising project for the Shed. So come along and learn to use our new machinery and be part of the team doing something for the community. For further information please ring the secretary, Fred Hoy on 6379 4005.

Gardens Fair

The Kandos Gardens Fair is on the weekend of October 15 and 16. The committee has organised most of the gardens and Kandos Primary School P & C have offered insurance coverage. In return they will get the gate takings. Last year organisers were able to give \$2399 to Kandos High School P & C. The committee is now looking for sponsorship. If your business can contribute an item for the garden products raffle in June/July or make a monetary contribution it would be appreciated. Promotional material and advertising in 2010 cost \$1500.
